**I respectfully submit my support for the above referenced planed amendments that is being brought before the City Council on August 16, 2006.**

**It's about time for some one to do something with the empty lot on the corner of Upland and Cory Place. I live within 1/4 of a block of this intersection. I get lots of dust from this empty lot as youths use the lot the run their motor bikes across it. The dust they make seems to filter right into my back yard pool.**

**I really think making affordable apartments is better than more 300 or 400 thousand dollar homes.**

**Thank you for honoring my input.**

There seems to be no hardship or unusual aspect here. The land is perfectly suitable for R1 development which would make for a nice addition to the neighborhood as well as a decent profit for the land owners. Dexter Park is a nice jewel of this neighborhood but is small and might well be unable to absorb the traffic of an apartment complex scarcely more than a 100 yards removed and lacking in its own recreational space.

Thank you.

Sincerely,

Jeff Bishop

Mayor Hoodman,

I am a life time resident here in Las Vegas, a local business owner at 5736 W Charleston & also a property owner of 1716 Dunsmuir Street & 5801 Evergreen Avenue. All of which are located right in the area of this proposed apartment complex.

### Protest

I am highly opposed to a complex of this type being put in my neighborhood.

The developer claims these units will be high end apartments. How can that be ??? No parking, no pool, no rec room, there is nothing to support the claim.

Our business complex, El Jardine Plaza, are family owned mom & pop businesses. Most of us have been there 10+ years. We do not deserve all the added hardships a complex with such high density will bring.

This complex of 48 units is not an asset to me as a business owner or as a property owner.

Thank you  
Pamela Spittell
